

Action Compactions Services (ACS)

4020 S. 15th Avenue, Phoenix, AZ 85041

Action Compaction Services Inc. (ACS) used \$1 million in NMTC financing for the acquisition and renovation of three buildings totaling 24,564 SF including 3.2 acres of land in late 2005.

ACS provides service and manufacturing operations within the waste management industry. As they have been in service since 2001, this NMTC financing will allow ACS to expand their services, operate more efficiently, and boost capacity. ACS has an opportunity to generate wealth-building for the company by owning the property and three building facility instead of leasing space.

Located in a heavy industrial area, the three free-standing buildings were constructed during the mid – 1970's through the 1990's. After undergoing renovations, the buildings will cover office, manufacturing and product reconditioning uses.
